

YSPN.NET Family and Child Registration

Step 1 – Family registration

1. Go to www.yspn.net.
2. Click on 'Family Registration' from the top navigation list.
3. Fill out the family registration form completing at least the required fields (indicated in **bold**).
4. After you successfully register, an automated email will be sent to your primary email address confirming your registration. This email will contain the password you selected during registration.

Step 2 – Logging in to your account

1. Go to www.yspn.net
2. Enter your home phone number and password in the Family Login section on the home page.
3. Click the 'Family Login' button.
4. You will be directed to your family home page. The family home page is where you will access your children's team information (roster, schedule, etc.)

Step 3 – Adding a child to your family account

1. Log into your family account (follow step 2).
2. Follow the instructions as they appear on the page.
3. When you add a child, their information will appear in a grid on the page.
4. Add as many children as you wish.

Step 4 – Notify the coach

Let the coach of your child's team know that you have added your child on YSPN.NET and the coach will assign your child to the team roster. Once they have been added to a roster, you will receive an email notification and you will then be able to view all team information for your child's team.

Good Luck With Your Season!!!
